-  4-wheel suspension

babyzen.com

YOYO+

Famous worldwide for its easy, instant folding and compact overhead cabin luggage size, the **new BABYZEN YOYO+** can now be used with a car seat as well.

From birth, you can switch from the **0+ newborn nest**, stylish rear-facing stroller, to a **compatible car seat**.

From 6 months, on the same frame, simply change to your **6+ fabrics** and your stroller will accompany your child to early childhood...

Finally, the new frame, the new fabrics, the new suspensions and the new XXL basket will deliver even more comfort and storage options.

YOYO+ is now, more than ever, **THE urban stroller** for parents on the move!

Available colors:

Even **more** convenient

- New car seat adapters*: switch from the car to the YOYO+ with one click!
- New, under the stroller storage basket: 60% larger
- New storage pouch on the back of the 6+ canopy

Even **more** comfortable

- New suspensions on all four wheels
- New padded 6+ seat
- New carry strap

Even **more** protection

- New extendable 0+ and 6+ canopies with UPF 50+ sun protection
- New 0+ and 6+ rain covers, entirely protecting the stroller

Even **more** durable

- New reinforced frame
- Certified 18 kg approval

**To learn more about the compatible car seat models, please contact an authorized BABYZEN dealer. List of authorized BABYZEN dealers on babyzen.com.*
