The Babyzen Yoyo+ is an easy, instant folding stroller that converts into compact overhead cabin luggage; it can now be used with a car seat as well. **Babyzen, babyzen.com**

The BabyBjorn Baby Carrier WE Air has soft and airy mesh, is easy to use and adjust, and can be used inward-facing on the front or back – ideal for infants immediately after birth and up to three years old. **Available in all major baby specialty stores**

This Lascal KiddyGuard Avant baby safety gate has a unique timed locking mechanism that makes handling easy and hassle-free – and you have the option of manually opening and locking the gate, too. **Lascal, lascal.com.hk**
